CORPORATE FISHING CHARTERS

As the title suggests, the other arm of the Fishing Getaways business is arranging corporate fishing charters for companies large and small. We specialize in all facets of the corporate fishing world including social club charters, incentive events, friendly tournaments customer charters and additions to conferences.

Fishing is a fantastic way to bond with your employees and customers in a relaxed environment and is no longer an activity for a male dominated workplace. These days there is a much larger population of women who enjoy fishing. Some of the companies we have worked with include Bunker Freight, I Fish, Amcor Social Club, Top Gear Australia and Brighton BMW.

Whether your company is large or small Fishing Getaways can cater to your requirements. If you are looking for a fun Christmas activity for groups

of up to 18 people book now for a 5 hour charter in Port Phillip Bay or Westernport to get the good dates.

If you are planning your 2011 conference why not speak to the Destination Specialists at Fishing Getaways about places including Fiji, Thailand, Darwin, Tasmania or the Gold Coast. Each destination specialist has first hand information on the best places to stay and activities in the surrounding area to assist you in holding the best conference you have ever had! Email us at info@fishinggetaways.com.au for a quote.

Join our Fishing Club!

The Corporate Fishing Charters Fishing Club (CFCFC) has been in existence for 14 years and is a very different concept to your regular fishing club. This club is geared around charter fishing and fishing many different destinations - to truly experience the word of fishing. We have members from almost every state in Australia who participate in our international trips and meet us at select locations in the country to fish together. This club is designed to bring together like minded fishermen who enjoy getting away but may not necessarily have other fisho's around them to join in on share charters and the like.

In addition to all of this there are many benefits offered to members throughout the year such as special pricing offers and first preference on Fishing Getaways charters, free entry to any Australian BIA Boat Show, airport car parking rebates and loyalty gift vouchers for regular bookers just to name a few.

To join the CFCFC is a very simple process... contact the Club Administrator, Jay Austin, by emailing jay@corporatefishingcharters.com.au

for an application form which you fill in and return with your \$50 annual joining fee and start receiving your benefits straight away!

Every year we hold an annual competition for our Fishing Club Angler of the year for which we monitor all of your fishing trips for the year and view all of the photos and your amazing catches and in July each year we reveal the winner at the Annual Melbourne BIA Boat Show. The winner then has the glory of reigning champion for a full 12 months as well as the all important trophy, being named on our Champions plaque which resides in the Melbourne Fishing Getaways office and having an A1 photo on display at every Fishing Getaways trade show for the year.

To join in the fun and become a member of the Corporate Fishing Charters Fishing Club don't hesitate to contact Jay for a list of our current member benefits and an application form.

Anyone who joins the club in the months of October will receive a \$100 Fishing Getaways International Gift Voucher which is valid for 12 months.
